

PESCI

rapporto tra dimensioni: foglio quadrato 24, altezza modello 6,9

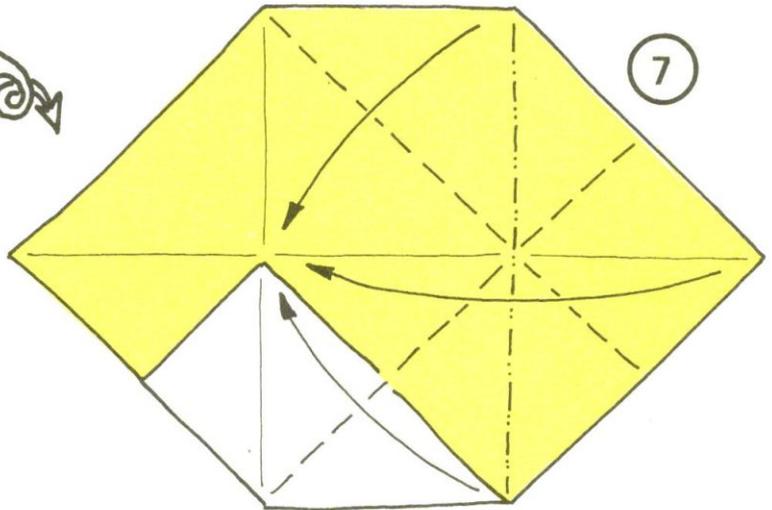

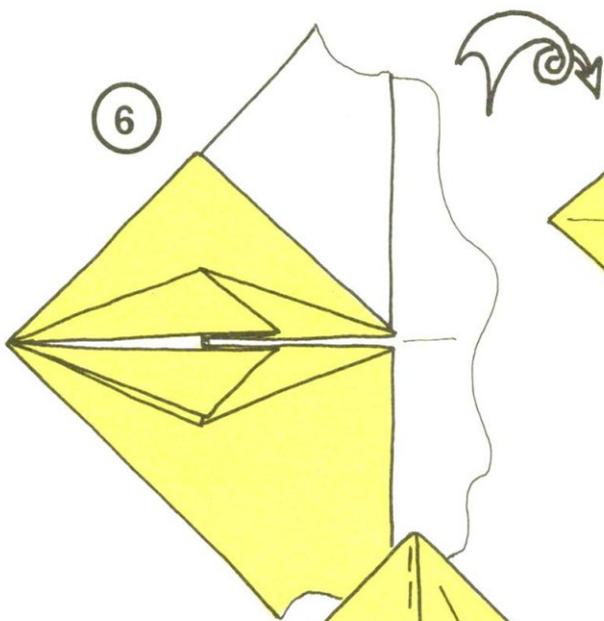

spingi all'interno, poi avvicina le punte come indicato dai puntini

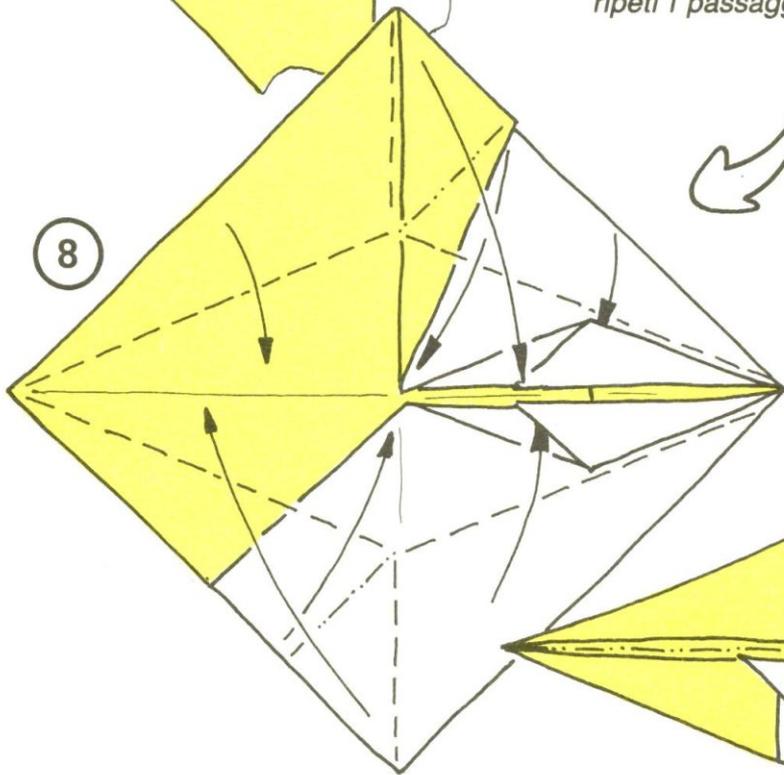

5

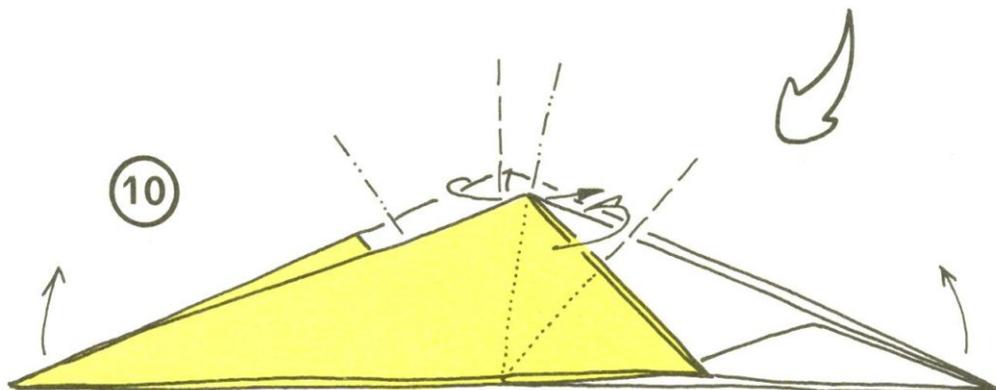

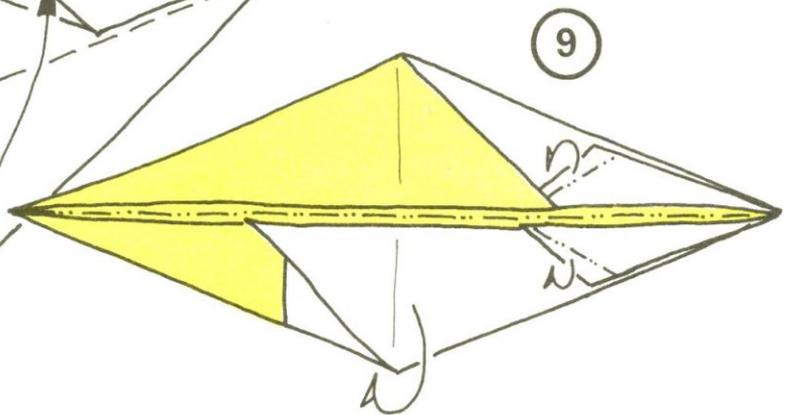

4

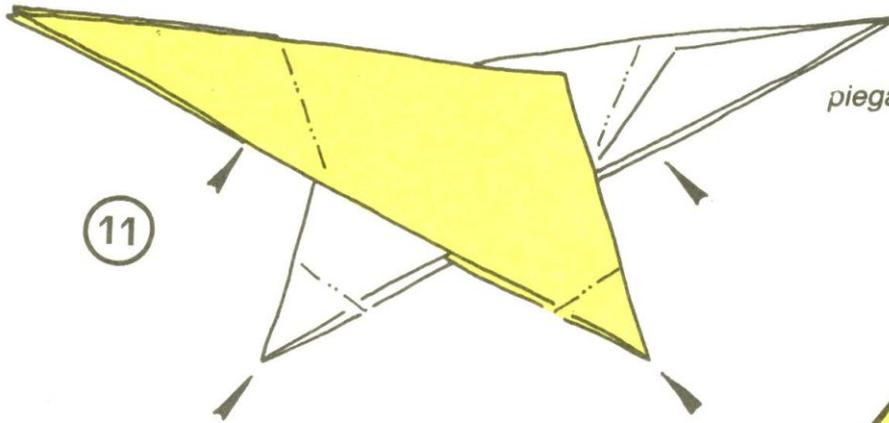

ripeti i passaggi da 3 a 6 anche sul lato sinistro

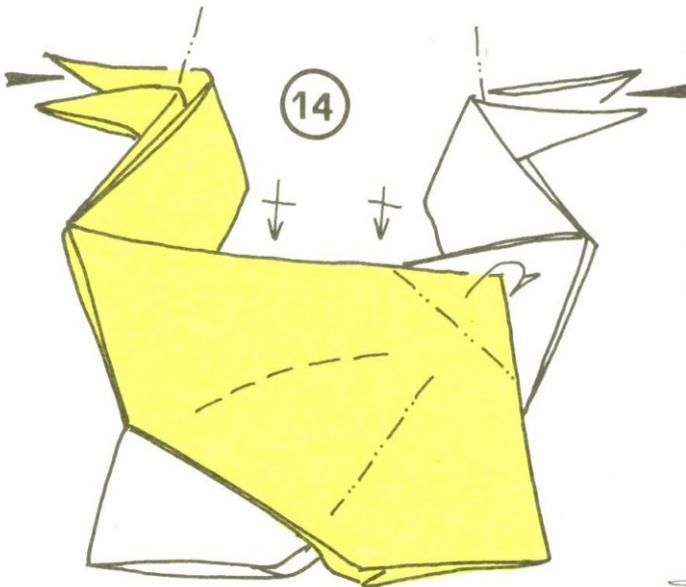

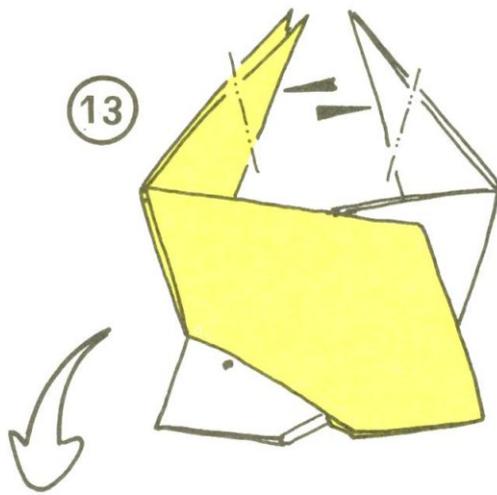

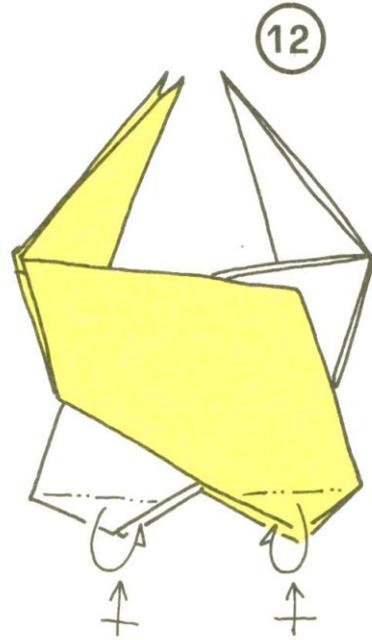

prepara le pieghe indicate. Piega contemporaneamente sul piano del foglio lungo le pieghe a valle. In alto si formerà una punta, che piegherai a destra. Ripeti nella parte opposta. È un movimento semplice anche se non ti sembra. Osserva bene nella figura 11 il risultato che devi ottenere

piega a soffietto (pagina 6)

dai forma al modello
